

# Prep L Weekly News

## Week 7, Term 2

Dear Parents,

Tomorrow the children will be writing about Autumn. Each child will need some Autumn leaves to make a picture with so if you have any at home could you please send them to school tomorrow. Thank you.

Can you also begin collect 1 litre milk cartons (washed & clean) as these will be used in week 8 (Monday 31<sup>st</sup> May) for a recycling task about 'reusing'.

Thank you for sending in so many boxes. We now have plenty and don't need any more at the moment😊. If you have an junk mail you don't want please send it in as we need this for our inquiry unit. Thanks!

Please remember to return Premier's Reading Challenge permission forms and keep recording books. I will record the books we have read at school. It's great to see so many children completing the challenge already.

I still require some help during literacy groups. If you have any time to offer during the following times it would be greatly appreciated...Thursdays (every week) and Wednesdays and Fridays (every second week). Thanks! Parent help really is essential to our groups running smoothly and any help is really appreciated 😊

On Friday all Prep teachers will be attending a Maths Professional Development Day as the final step in revising and improving our maths curriculum.

### Reminders:

- Literacy groups to run as normal this week. Thanks!
- PMP as normal this week

Have a great week,

**Kerryn Lynch**

### **This week in English**
